

GILMER COUNTY SCHOOLS  
POLICY MANUAL

POLICY 3450

TITLE: Money in School Building  
State Board of Education Ref: 18A-2-9

The principal of each school must insist that no money be left in the classrooms at any time.

He should also realize that the school safe should be used to safeguard student records and not used to store large amounts of money. Bank deposits should be made as often as possible to insure only a minimum amount of cash on hand.
