

GILMER COUNTY SCHOOLS  
POLICY MANUAL

POLICY # 6114

TITLE: Emergency Preparedness  
State Board of Education Ref: 18-5-13

It is believed by the Gilmer County Board of Education that foresight and commensurate planning are the keys to preparedness. It is, therefore, the desire of this Board that emergency preparedness plans be drawn for each school in the county and that these plans be filed with the superintendent for review with subsequent approval by the Board.
