

TITLE: Early Childhood Education
State Board of Education Ref: 18-5-18

Prior to entering the first grade a child must have successfully completed a public or privately-supported state approved kindergarten or Montessori kindergarten program or to have successfully completed an entrance test of basic readiness skills approved by the County Board of Education.*(~~NOTE: An entrance test will be given for extraordinary circumstances as determined by the Board of Education).~~

Kindergarten classes are offered at all county elementary schools. Parents are encouraged to contact the school and work closely with the staff to insure a successful kindergarten experience for their child.
